

## SMART CAKE 4.5 WT LED

Smart cake is part of the Smart family. This family's styling is based on our most popular iconic designs. Its gently sloping sides ensure a soft distribution of light. Since its introduction, Smart has become an extensive portfolio with a broad range of accessories. Concretely this means that the luminaires consist of a LED light source which can be combined with one of three trims to suit your needs. The new spotlights can be combined with Smart mask or Smart surface box to form the perfect solution for any interior.
